During the year forth man has been added to the department to give the Town better police coverage and protection.

The Police Chief has recommended to the Selectmen that better Street lighting be installed in the Bay area to insure safety of people walking at night during the summer months, also a recommendation that a radar unit be purchased to control the speeding problem, 50% of the purchase price would be paid for by the State Highway Safety Commission. On behalf of the Alton Police De-

partment I would like to thank the Selectmen, the Sheriff's Department, the New Hampshire State Police, the Fish and Game Department and the Citizens of Alton for their understanding and cooperation during the past year.

Respectfully submitted,

Charles W. Wheeler  
Chief of Police

## ALTON LEGISLATIVE REPORT

Representative George Twigg, III  
Loon Pond Road, Gilmanton, N. H.

Reflecting back on the 1973 Regular Session, as a freshman legislator I experienced both success and disappointment on several bills which I sponsored.

You may recall during the last campaign I promised to introduce a bill which would permit the State Treasurer to invest the daily receipts of the Liquor Commission in short term paper (Certificates of Deposit) with a potential annual return to the State in excess of three million dollars. You will be pleased to learn that my bill (HB-560) passed both the House and Senate without opposition and became law on August 18, 1973.

Of local environmental interest, (HB-911) a bill co-sponsored with Sheldon Harvey of New Durham which prohibits the use of outboard motors of more than six horsepower and limits speed to 6 mph. on Merrymeeting River between the New Durham Hatchery and the Alton Dam was successful. Testimony by the Alton Conservation Commission was instrumental in passage of this bill.

It was a disappointment to me to lose HB-996 which would have "prohibited the Belknap (Gunstock) Area Commission from issuing free ski passes to elected officials." My reason for introducing such a bill was to eliminate a repugnant example of political privilege. While on the subject of Gunstock I am grateful to those area residents who appeared at the public hearing to oppose the issuance of a liquor license to the County owned family-type recreational area, even though we lost on that issue too.

Last spring I testified before the State Water Resources Board at the request of East Alton residents who opposed the ill conceived Hyde Bros. development plan for Camp Brookwoods. The sub-

division proposal has now been abandoned and once again campers will return to the shores of Lake Winnepesaukee.

It has recently come to my attention that there are fourteen (14) foster children enrolled in the Alton Public School. Inasmuch as the State of N. H. pays only \$200 per child towards tuition compared with the actual yearly costs to educate of roughly \$1,000 per pupil, I plan to introduce a bill which will require that the town or city form which each child was sent would make up the difference between \$200 and the average state tuition.

May I take this opportunity to extend my sincere appreciation to each of you for the privilege of representing the town of Alton in the deliberations of our State Legislature.

Respectfully submitted,

## STATE REPRESENTATIVE'S REPORT

George B. Roberts, Jr.  
Belknap County, District 4

The 1974 Special Session will have begun by the time you read this Town Report and we will be engaged with legislation dealing primarily with the Capital Budget and the Energy Crisis. While I hope to report to you at a future date, and in a more comprehensive manner, I hope the following recap of some of the major advances for Alton will be of interest to you.

This past 1973 legislative session provided some major advances for the town of Alton in the area of water resources both from the point of view of pollution and safety. Responding to a great concern by property owners over oil pollution and excess speeds on Sunset Lake, I introduced House Bill 552. Although the House did not look favorably upon this measure I have arranged for the Department of Safety to hold a public hearing in Alton this summer so that the department may be made fully aware of the problem. After this has taken place I will again re-introduce the bill during the 1975 regular session. Another bill introduced this session and which I fully supported, concerned the operation of power boats on Merrymeeting River. This measure was passed into law and prohibits the operation of a boat equipped with a petroleum powered motor in excess of six horsepower, at a speed in excess of 6 mph upon the waters of Merrymeeting River between the state fish hatchery, located at New Durham, and the dam located in the town of Alton.

On a regional basis, I have introduced legislation for the 1974 Special Session which would give the town of Alton membership in the Winnepesaukee River Basin Treatment Project. This proposal comes as a response to the Anderson-Nichols Study completed in October of 1973 on "Waste Water Collection and Treatment" for the town of Alton. In that study there were four recommended approaches to the matter of sewerage treatment within the town. The first of these recommendations was the installation of a biological secondary treatment plant followed by spray irrigation disposal of effluent. The second, a biological treatment plant followed by tertiary phosphate removal or the construction of a physical chemical treatment plant with disposal of the effluent to the Merrymeet-

ing River and eventually to Lake Winnepesaukee. Third, the transmission of the collected wastewater from Alton to the proposed Gilford Interceptor at Belknap Point for eventual treatment and disposal in the Winnepesaukee Regional Wastewater Treatment Plant, which will be located in Franklin, New Hampshire. The fourth and final recommendation called for the installation of an interim treatment and spray irrigation system to be utilized until Scheme 3 could be completed.

My bill, if passed by the House, would allow Alton, if it so voted, to initiate Scheme 3 of the Anderson-Nichols Study. This bill must be passed to insure that federal funds will be available for Alton if the town selectmen and the voters of the town decide to enter the Winnepesaukee River Basin.

Another bill which was introduced that will affect the town of Alton, was a bill which I sponsored, House Bill 4, an act providing workmen's compensation for all volunteer or auxiliary members of an ambulance service, whether paid or not. This bill amended the definition of an employee with respect to the public employee provisions of the Workmen Compensation Law to include volunteer and auxiliary members of the ambulance services. The bill provided that any such person who was injured while on duty shall receive the maximum benefits allowed by the law. Thanks to the support of many volunteer ambulance service and rescue squad members, and particularly the Alton Volunteer Ambulance members, this bill passed both houses and is now state law. Primarily, this bill was introduced to encourage people to volunteer for emergency services within small communities, for now they know that they do not jeopardize their own personal family income in case of injury.

As in the past, I will make myself available to town officials and agencies and report to them about changes in state laws and I will try to continue to be responsive to your comments and suggestions regarding state legislation and your interests affecting your town. Later this year I hope to mail to you a more comprehensive report of the last year's legislative activities and my voting record.

Sincerely,

GEORGE B. ROBERTS, JR.  
Meeting House Road  
Gilmanton Iron Works, N. H.

## REPORT OF THE ALTON CONSERVATION COMMISSION 1973

During the past year your Conservation Commission held 12 regular monthly meetings and made many field trips, primarily to inspect possible violations of dredge-and-fill statutes. Where apparent violations were found the Commission brought them to the attention of the Selectmen and/or the New Hampshire Water Resources Board for action. In addition, the Commission reviewed all applications for dredge-and-fill permits as now required by statute.

One important step taken by the Commission this past year was the purchase of equipment for testing microbiological contaminants in water, for the purpose of monitoring water quality in the Town. The equipment was supplied by the Millipore Corp. of Bedford, Mass. at a cost of \$236.10, paid out of the Conservation Fund.

The Commission has been in correspondence with owners of certain large tracts of undeveloped land for the purpose of obtaining easements under which such land could be maintained in a natural state. To date, the Commission has been successful in obtaining one deed of easement, given to the Town by Tree Growers, Inc., covering 1500 feet of Beaver Brook above the Hayes Road bridge in East Alton.

The Commission has now completed preparation of a detailed map of the Town's wetland areas, in which it received invaluable help from the Gilford Conservation Commission.

Two new members were appointed to the Commission this year: Richard Keay and Peter McGrath. Both have given much time and energy to the various projects undertaken during the year.

The balance remaining in the Conservation Fund at year's end was \$7607.29. Except for the purchase of the water testing equipment, no major disbursements were made from the Fund during 1973.

## REPORT of the FOREST FIRE WARDEN and DISTRICT CHIEF

The New Hampshire Forest Fire Service is represented in every town, city or unorganized place in our state by the forest fire warden. Anyone wishing to kindle an outside fire when the ground is not covered with snow must first obtain the written permission of the fire warden. Except for cooking fires, no fire can be kindled between 9:00 A.M. and 5:00 P.M. unless it is a commercial or industrial burn or it is raining. The fire warden is assisted in his work by the District Forest Fire Chief who works for the Department of Resources and Economic Development Forest Fire Service.

Fire prevention was, again this year, the most important part of the Forest Fire Warden's job. Fire statistics show the need with 72% of the fires caused by smoking, debris burning and children. Smokey the Bear is an important prevention tool but he still needs much help from the public. Parents should warn their children of the hazards of playing with matches. Children tend to forget that a lighted match held in their hand is a potential forest fire.

### Forest Fire Record:

## ALTON - ALTON BAY CHAMBER OF COMMERCE

The Chamber of Commerce expanded its programs considerably during the past year. Arrangements were made by the Chamber for many summer activities, including the Boston Naval Base Band, several organ concerts and performances by the Dixieland Band.

We are most appreciative of the financial assistance by the Trustees of Trust Funds, Lyceum Fund. Without their interest and support, these events could not have been scheduled.

The Miss Alton Bay beauty contest for many years an Alton Bay Ski Club activity, was this year sponsored by the Chamber of Commerce. Beautiful trophies, gifts and generous cash awards were offered which encouraged more entries and resulted in an interesting contest.

Through the diligent efforts of members of the Youth Activities Committee, a financially successful auction was held at the White Lodge.

A "Hans Brinker" skating party was held at the lighted skating rink at Alton Bay. Approximately 100 young people were in attendance. Hot chocolate and doughnuts were provided by the Chamber. Another skating party is scheduled for January, conditions permitting.

An attractive new brochure was printed, and is being distributed throughout many States and Canada.

Large numbers were sent to the New England Exposition, shows in Hartford, Connecticut and The Prudential Center, Boston, Massachusetts.

Due to the energy crisis, the Department of Resources and Economic Development cancelled its Harrisburg, Pennsylvania show.

Several boxes of brochures are being distributed through the Rest Areas. Also, at Toll Gates when distribution of such material is allowed.

The Directors meet as often as twice a month to plan for the coming year.

Originally Christmas decorations were to include lighting a number of trees throughout the town. However, because of the de-

sire to conserve energy during the crisis, lighting was limited to one tree in Alton.

One of the major events scheduled is an Ice Out contest. Tickets will be available early in the summer, thus affording everyone, including visitors in the area, an opportunity to purchase tickets.

A new Alton—Alton Bay Chamber of Commerce Information sign for the booth at the Bay has been ordered.

The Chamber welcomed a number of new members this past year. We appreciate their interest and support. It has some loyal, hard working members. One of these people was Sydney Hall who met an untimely death in an automobile accident. The facilities of the Inn were always made available to the Chamber when a meeting was scheduled. His warm, friendly, personality will be greatly missed.

Respectfully submitted,

GLADYS E. HOWE  
Secretary

## AUDITORS' REPORT

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the Tax Collector, Town Clerk, Treasurer, Municipal Court, Trustee of Trust Funds, Gilman Library, Water Department and Town Officers Surety Bonds for the Town of Alton, New Hampshire, for the year ending December 31, 1973 and find them to be correct in all respects.

## CHAPTER 37

### Town or Village District Managers

**37:1 Scope of Chapter.** As used in this chapter, the word "town" shall be construed not to include cities or school districts, but shall include village districts or precincts, and the words "town clerk" shall include clerks of village precincts or districts.

**37:2 Appointment of Manager.** The selectmen of towns adopting the provisions of this chapter, as herein provided, shall forthwith thereafter appoint a town manager who may or may not, when appointed, be a resident of the town or state.

**37:3 Qualifications of Manager and Authority of Selectmen.** The town manager shall be selected with special reference to his education, training, and experience to perform the duties of his office, and without reference to his political belief; and shall in all matters be subject to the direction and supervision, and hold office at the will, of the selectmen who may by a majority vote remove him at any time for cause.

**37:4 Oath and Bond.** Before entering upon the duties of his office, the town manager shall be sworn to the faithful and impartial performance thereof, and certificate to that effect shall be filed with the town clerk; and he shall execute a bond in favor of the town for the faithful performance of his duties in such sum and with such surety or sureties as may be approved by the selectmen.

**37:5 General Authority.** The town manager shall be the administrative head of all departments of the town and be responsible for the efficient administration thereof, except as herein otherwise provided. He shall have general supervision of the property and business affairs of the town and of the expenditure of moneys appropriated by it for town purposes, but his authority shall not extend to warning town meetings, making by-laws, borrowing money, assessing or collecting taxes, except as otherwise provided in section 16, granting licenses, laying out highways, assessing damages, or any other functions of a judicial character vested by law in the selectmen or other town officers, nor to supervision of the offices of town clerk and town treasurer.

**37:6 Powers and Duties in Particular.** The town manager shall have the power and it shall be his duty:

I. To organize, continue, or discontinue, from time to time, such departments as the selectmen may from time to time determine.

II. To appoint, upon merit and fitness alone, and to remove, all subordinate officers and employees under his control, and to fix their compensation.

III. To attend such regular or special meetings of the selectmen as they shall require.

IV. To keep full and complete records of the doings of his office, and to render to the selectmen an itemized monthly report in writing, showing in detail the receipts and disbursements for the preceding month; and annually, or oftener at the request of the selectmen, to make a synopsis of all reports for publication.

V. To keep the selectmen fully advised as to the needs of the town, within the scope of his duties, and to furnish them on or before the thirty-first day of January of each year a careful, detailed estimate in writing of the probable expenditures of the town government for the ensuing fiscal year, stating the amount required to meet the interest on maturing bonds and notes or other outstanding indebtedness of the town, and showing specifically the amount necessary to be provided for each fund and department; and to submit at the same time an estimate in writing of the amount of income from all sources of revenue, exclusive of taxes upon property, and raised by taxation to defray all expenses and liabilities of the town. For the purpose of enabling the town manager to make up the annual estimate of expenditures, all boards, officers, and committees of the town shall, upon his written request, furnish all information in their possession and submit to him in writing a detailed estimate of the appropriations required for the efficient and proper conduct of their respective departments during the fiscal year.

VI. To examine or cause to be examined, with or without notice, the affairs of any department under his control, or the conduct of any officer or employee thereof; and for that purpose he shall have access to all town books and papers, for the information necessary for the proper performance of his duties.

VII. To have charge, control, and supervision, subject to the direction of the selectmen and to the by-laws of the town, if any, of the following matters:

(a) The management of municipal water works, lighting, and

power systems.

(b) The construction, maintenance, and repairing of all town buildings and of all town roads, highways, sidewalks, and bridges, except as otherwise specially voted by the town.

(c) The purchase of all supplies for the town.

(d) The police and fire departments of the town, if any.

(e) The system of sewers and drainage, if any.

(f) The lighting of streets, highways, and bridges.

(g) The sprinkling of streets and highways, the laying of dust, and the removal of snow.

(h) The maintenance of parks, commons, and playgrounds.

(i) The care of cemeteries.

(j) The letting, making, and performance of all contracts for work done for the town.

In municipalities adopting the provisions hereof, the town manager shall supersede any board of commissioners or other supervisory officer or officers previously established, elected, or appointed to have superintendence of any of the matters specified in the foregoing paragraphs (a) to (j) inclusive; except that he shall not supersede, nor shall adoption of this chapter in any way impair the authority and duties of, fire engineers, the commissioner of public works and highways and his assistants, or any police commission created by act of the legislature.

VIII. To administer the poor relief of the town, either directly or through a person or persons appointed by him, and under the supervision of the selectmen.

IX. To perform such other duties, consistent with his office, as may be required of him by vote of the selectmen.

**37:7 Approval of Vouchers.** The town manager may approve vouchers for obligations incurred by any department of which he has supervision, and, except during his absence or disability, the selectmen shall not draw orders for the payment of any such obligations without such approval. The selectmen may themselves approve such vouchers, or authorize their approval by some other person, in the event of the absence or disability of the town manager.

**37:8 Vacancy.** Any vacancy in the office of town manager shall be filled as soon as practicable by the selectmen; and pending the

appointment of a permanent manager, the selectmen may appoint a person to perform temporarily the duties of that office.

**37:9 Incompatibility of Offices.** The town manager during the time that he holds such appointment, may be manager of a district or precinct located wholly or mainly within the same town as hereinafter provided, and may be elected or appointed to any municipal office in such town or included district or precinct that would be subject to his supervision if occupied by another incumbent; but he shall hold no other public office except justice of the peace or notary public except as otherwise provided in section 16 of this chapter.

**37:10 Compensation.** The town manager shall receive such compensation as may be fixed by the selectmen, unless otherwise specifically voted by the town.

**37:11 Adoption of Provisions by Town.** The provisions of this chapter shall not become operative in any town unless and until the same are adopted by a majority of the legal voters of the town present and voting at an annual meeting duly warned as hereinafter provided.

**37:12 Warning of Meeting.** The selectmen, upon the written application of ten or more voters, or one sixth of the voters in the town, shall insert a proper article in their warning for such meeting, which article shall refer to this chapter.

**37:13 Revocation.** A town that has adopted the provisions hereof may rescind such adoption by majority vote of the legal voters present and voting at a subsequent annual meeting, provided a proper article therefor is inserted in the warrant for such meeting; prior to such rescission shall be affected thereby.

## REPORT OF THE GILMAN LIBRARY

1973 was a year of many changes. After 14 years as our librarian, Miss Agnes M. Thompson retired. She came to the Library in 1958, succeeding Miss Annie Wheeler. In January 1974 Miss Thompson passed away after a full life in teaching, library work, church and civic activities.

The Gilman Library was fortunate to have Mrs. Mary Lane to carry on as Acting Librarian. She reports a busy year with the circulation growing from 3000 to 6086 books. 435 new books have been purchased. There is new furniture on both adult and children's sides. The interior has been painted. The Garden Club of Alton has offered to furnish decorative arrangements from time to time. Work is continuing on the cataloging of the books. In mid-year Mrs. Grace Boles offered to help Mrs. Lane. She will continue as an assistant.

A check for \$2500 from Miss Annie Wheeler through Miss Agnes Thompson to be placed in trust.

In January 1974, Mrs. Marjorie Mohr joined the library staff. She is experienced in library work. After her graduation from D'Youville College in Buffalo, New York, she worked for five years in the Buffalo-Erie County Public Library System. She is a teacher, mother of two young children, and with her husband, David, lives in New Durham.

## THE HAROLD GILMAN HISTORICAL MUSEUM

The Alton Town Reports for 1971 and 1972 have explained the problems encountered during those years relative to the erecting of a suitable building for the proper display of the artifacts given to and accepted by the Town of Alton in 1967.

Early in 1973 a site for the New Museum building was presented to the committee. A bona fide agreement was made to bind the location and the site was presented to the Variance Board and approval was given for the new location. The rising costs of construction brought the project to a halt.

It now appears construction on the proposed New Museum building will begin in 1974 if approval is given by the Superior Court to the Town to sell the present building. The Town must also approve the selling of the Gilman property and the purchase of the new site.

The sale of the Gilman property will make monies available to purchase the new site and help defray the costs of a new building with no expense to the taxpayers of Alton. Additional monies already are available from the dividends received from the Gilman cash bequest and the approved borrowing of \$25,000.00 on the credit of the Town passed March 9, 1972 will make the new Museum building a reality this year for the artifacts so generously left to Alton by the late Harold Gilman.

## WEST ALTON COMMUNITY CENTER

The West Alton Community Center had a fairly active season. The hall was used for a New Years party and we had a large wedding in August. Whist parties were discontinued due to no water system. New system was installed with a pump and tank in May.

Repairs were made to back steps and new door installed with a window in it. Also a new stoop was built. New wiring and flood light installed to light up steps and backyard.

The Selectmen voted to close the building for the cold months due to fuel shortage.

Repairs are hoped to be made to roof over kitchen part of building this spring.

New flooring and inlaid linoleum will be put down when roof is repaired.

## ALTON VOLUNTEER AMBULANCE SERVICE

This past year the Alton Volunteer Ambulance Service has made 155 emergency runs for sick or injured persons in the Alton area. This is an increase of 21 runs over 1972.

We have increased our supplies and equipment to comply with current Federal and State requirements. The Ambulance Service and its members are licensed by the Division of Public Health, State of New Hampshire. All our members have attended State required Red Cross Advanced courses totaling 1500 man hours of training. As of 3/1/74, eleven of our members will have completed an Emergency Medical Technician Course for an additional 825 hours of training. Three of our members are licensed by the American Red Cross to instruct Standard and Advanced First Aid courses.

I would like to take this opportunity to thank the residents of Alton, the Alton Police Department and the Belknap County Sheriff's Department for their help and cooperation during the year 1973. Special thanks go to Dr. Arthur E. Appleyard for his time and efforts spent in assisting and training the members of the Alton Volunteer Ambulance Service.

Respectfully submitted

DAVID JOHNS, PRESIDENT  
Alton Volunteer Ambulance  
Service

## ALTON FIRE DEPARTMENT

It is with a great deal of pleasure and pride that we are able to look back on 1973 and report to the people of Alton a very successful year for the Fire Department. To be able to report that the losses due to fire were extremely low. (See figures below). These indicate the very fine job the officers and men of the Fire Dept. are doing and they further indicate that the training program started in 1973 is having a very large effect on the men and in their ability to handle the difficult task of firefighting to a much higher degree of efficiency and skill.

The increase in the yearly salary for the firefighters who showed a good interest and a willingness to train has proved to be a great asset to the Town of Alton.

We have continued and accelerated our program to upgrade our equipment and the maintenance of this equipment. This program is giving fine returns to the town through decreased downtime of equipment and reduced failure of equipment.

The Fire Wards felt that to properly administer, to aid in the planning and to execute their plans for training, and equipment upgrading and maintenance, the Chief should have Deputies to oversee these programs as well as assisting him during fires. In light of this the Fire Wards appointed two Deputy Chiefs for the first time in the Alton Fire Department.

The Fire Wards feel this is proving very effective, and in turn has helped reduce the workload on the Chief and thereby allowing him to spend much more time in areas he was not able to completely cover previously due to the ever increasing amount of duties directed to a Fire Dept. Chief.

Following are statistics of the Dept. activity in 1973.

Total # of Alarms		58
Total Alton Alarms		42
Total Mutual Aid Alarms		16
Grass and woods fires		4
Average response time to Alarms		2.6 min.
(Elapsed time from first call to first truck responding).		
Total value of property involved Buildings		\$223,850.00
(when available)		
Total value of property lost Buildings		18,440.00
(when available)		
Total value of building contents		42,700.00
(when available)		
Total value of contents losses		4,700.00
(when available)		

The percentage of loss on buildings is approx. 8%.

The percentage of loss on contents is approx. 11%.

These figures are only on fires that value could be established

and total loss could be established via insurance, etc. There were no complete losses in any fires not included in these figures and an estimate of these losses indicate the figures to be proportionate to the recorded losses.

Department Total Hours.

Fire Fighting	687
Training	1099½
Volunteer Labor, Convention, Barbecues, Inspections, Work on Equipment, etc.	1225½
Meetings, Seminars, Prep. for training, Mutual Aid, Budget, etc. (largely officers, fire wards, and chief).	201
Total Hours	3213
